Grand Piano

What has kept me far from you?
 Life fills up with all too many things.
 Have I really tried to hear
 The voice that calls me home?
 Did I miss the road or did I walk
 away?

Lord, please turn me inside out
 Stir the lifeless person I've become
 And when life crowds in on me
 And tries to fill my mind
 Give me power by your Spirit to be
 free

Now I am restored in you
 Let your living water overflow
 You have put your life in me
 And I will walk your way
 Give me your compassion for today.

 Relight, Oh, relight the fire*
